

Research:

1. **List of Research Projects: Completed & Ongoing**

Sr. No.	Title of the Project	Name of PI/ Major Advisor/ Research Worker	Funding Agency	Total Cost of the project (Rs in Lakh)	Extra-mural (Funding agency)/ Intra-mural	Status (Completed/ Ongoing)	Duration
1	Immunological control of Bovine ticks	PI- Dr. D. K. Maske	ICAR	Rs 20 Lakhs	Extra-mural (Funding agency)	Completed	2005-2007
2	Molecular epidemiology of Tick and tick Born Diseases. Host Resistance and Development of Novel Pathogen Vaccines	PI- Dr. S.W. Kolte Co-PI: 1. Dr. N. V. Kurkure 2. Dr. S.G. Jadhao 3. Prof. Brian Shiewls University of Glasgow(UK)	Department of Biotechnology New Delhi	Rs. 110.508 Lakhs	Extra-mural (Funding agency)	Completed	2014-18
3	Development of lateral flow/ ELISA detection kit for the early diagnosis of theileriosis in cattle	PI- Dr. S.W. Kolte Co-PI: 1. Dr. N. V. Kurkure Collaborator: Mrs. Supriya Kashikar	Biotechnology Industry Research Council, New Delhi (BIRAC)	Rs. 19.55 Lakhs	Extra-mural (Funding agency)	Completed	2019-20
4	<i>In vitro</i> and <i>in vivo</i> study of efficacy of	PI : Dr. P. D. Jumade CO- PI:	--	--	Intra-mural	Completed	2021-23

	entomopathogenic funguses against tick infes- tation in cattle	Dr. P. J. Gawande					
5	<i>In vitro</i> and <i>in vivo</i> evaluation of acaricidal efficacy of some medicinal plant leaves extracts against <i>Rhipicephalus</i> <i>microplus</i> tick infestation in cattle	PI : Dr. P. D. Jumade CO- PI: Dr. P. J. Gawande Dr. A. R. Sawarkar	--	--	Intra- mural	Completed	2021- 23
6	Identification of the Snail as an Intermediate Hosts, in and around Nagpur	PI : Dr. P. J. Gawande CO- PI: Dr. P. D. Jumde	--	--	Intra- mural	Completed	2021- 2024
7	Detection of acaricidal resistance status of amitraz in ticks infesting cattle in Vidarbha region of Maharashtra state	PI : Dr. P. D. Jumade	--	--	Intra- mural	Ongoing	2024- 26

List of Private Agency Projects:

Sr. No.	Title of the Project	Name of PI/ Major Advisor/ Research Worker	Funding Agency	Total Cost of the project (Rs in Lakh)	Extra-mural (Funding agency)/ Intra-mural	Status (Completed/Ongoing)	Duration
1	To study efficacy of AV/FRC/18 (Herbal ectoparasiticide & Fly repellent) in natural cases of ectoparasitic infestation in non-descript cows and Nagpuri buffaloes	PI : Dr. P. D. Jumade	Ayurved agency ltd., Solan H.P.	Rs. 41,800/-	Agency funded	Completed	2011-12
2	Effect of phytochemicals and disinfectants on experimental coccidiosis in broiler	PI : Dr. S. G. Jadhao	Saife vetmed New Delhi	Rs. 2.87 Lakhs	Agency funded	Completed	2022-2023

Research Priorities:

Sr. No.	Research Area	Aim	Objective	Benefits of Farmers
1	Molecular diagnosis of parasitic diseases	Confirmative diagnosis of parasitic diseases	Conventional and molecular diagnosis of haemoprotozoan infection in domestic and pet animals	Confirmative diagnosis of parasitic diseases will provide proper treatment to animals
2	Development of disease diagnostic kits	Early diagnosis of parasitic diseases	Development of rapid diagnostic test kits for early diagnosis of haemoprotozoan infection	Early diagnosis of parasitic diseases using kits
3	Screening and epidemiological studies of prevalent haemoprotozoan and helminthic diseases	Generation of data of most prevalent haemoprotozoan and helminthic diseases in areas	Screening of prevalent haemoprotozoan and helminthic diseases in domestic animals in Vidarbha region of Maharashtra state	Implementation of control and prevention strategies in parasitic prone areas
4.	Parasitic drug resistance status in livestock	To study anthelmintic and acaricidal resistance status in livestock	Study of resistance of most frequently used anthelmintics and acaricides in Vidarbha region of Maharashtra state	The data generated will help to implement alternative treatment to overcome anthelmintic and acaricidal resistance in livestock

8. Research Priorities / Thematic areas: Department Wise

1. Conventional and molecular diagnosis of haemoprotozoan infection in bovines.
2. Development of rapid diagnostic test for early diagnosis of haemoprotozoan infection
3. Studies on helminthic infections in goat and their control.
4. Screening of prevalent haemoprotozoan and helminthic diseases in domestic animals in Vidarbha region of Maharashtra state
5. To conduct research on epidemiological studies of parasitic diseases in domestic animals.
6. Research on parasitic diseases in wild animals
7. To study anthelmintic and acaricidal resistance status in livestock
8. Training of the field persons for parasitic disease diagnosis.
9. Development of protocol and procedures for smooth conduct of accreditation of laboratory for practical, hands on training and disease diagnosis
10. Training of the field persons for parasitic disease diagnosis.

Accomplishment:

1. Bionomics and control of flies of livestock.
2. Bionomics, biology and control of ticks of livestock
